## SURIYANA VILLAS, SURIN BEACH VILLAGE, PHUKET

Four luxuriously appointed three bedroom Ayuddhya style villas, set in botanical gardens in the heart of Surin Beach Village and just 200m from the beach. Each 220m<sup>2</sup> villa occupies a site area of 600m<sup>2</sup> surrounding a 32m exotic swimming pool. The villas come complete with two 30m<sup>2</sup> salas; the first a car port, the second by the pool for dining or relaxation.

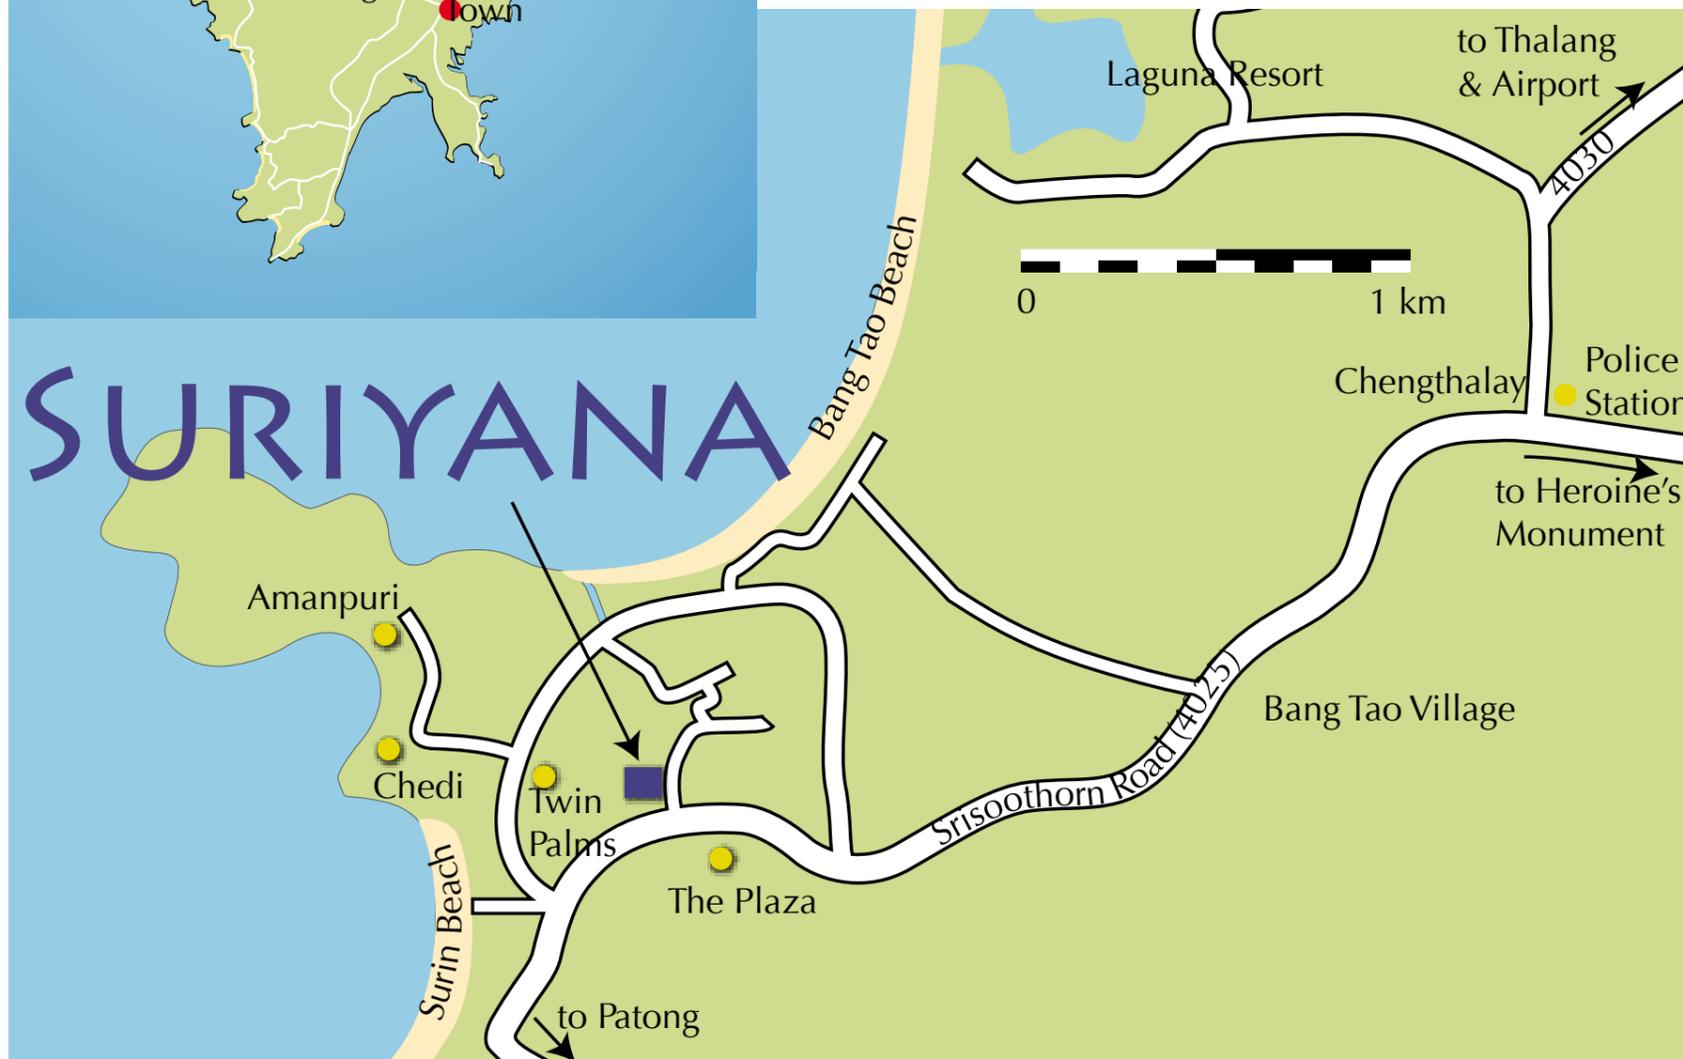

## LOCATION

Suriyana Villas are located in the heart of Surin Beach Village against a backdrop of forested hills; just a few minutes walk from two of the island's most beautiful beaches, Surin Beach and Bang Tao Beach.

The area is home to many five star hotels and world class restaurants. The villas themselves are situated only a stone's throw from the island's most fashionable retail complex; The Plaza.

## DESIGNER

Stefan Laurens has been at the forefront of European design for over 30 years. His work, so often featured in top design magazines, is renowned as much for its creative use of space as for its attention to detail. His recent successes in Ayara Surin and Cape Panwa have been described by critics “dream-like, tranquil with hints of the avant-guard”. Suriyana is the culmination of years of intensive study of Thai architectural styles and interior design

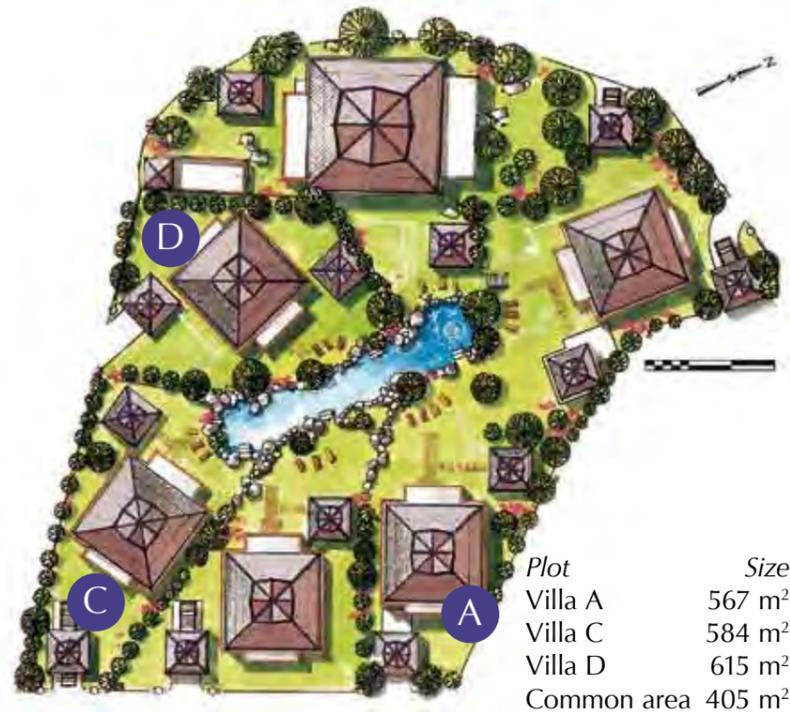

## CONCEPT

Suriyana’s unique villas fuse high Thai style with western functionality. Steep clay tiled roofs, soaring maka wood columns and floor to ceiling windows convey the luxury of open space. This gated community is set around a work of art, a 32m swimming pool; which might have been set deep within a tropical forest, had it not been carefully designed by a team of engineers. Each villa occupies a site area of about 600m<sup>2</sup> and shares a further 420m<sup>2</sup> of common area. Property lines are landscaped with tropical plants and mature trees. The villas enjoy their own private access to the pool.

*“My aim was to create tropical classic living space within a dramatic landscape using water as a focal theme.”*

## THE LEGAL PACKAGE

Suriyana is a private estate on a leasehold land sub-division. A copy of the Chanote land title (Thailand's highest) is available on request. Under Thai law, foreign persons or companies cannot currently own land in Thailand. They can however, lease land and own the buildings developed on this land.

The land on which your villa is built will, in accordance with Thai law, be leased to you for a minimum of 90 years (an initial 30 years plus two 30 year extensions).

Owners will own an equal share in the landowning company, Surapuri Design & Development, giving them a share in the freehold title of the site.

## MANAGEMENT, SECURITY & RENTAL YIELD

Suriyana will be maintained and administered by the owner's committee. Management services are currently contracted to Phuket Marbella Management Company, one of the area's leading property management operations. Standard services will include pool maintenance, gardening, 24-hour security, refuse collection and the provision of water, electricity, telephone & internet. It is estimated these services will cost approximately 9,000 baht per month.

Owners wishing to generate a return on their investment should contact one of the many property rental agencies in the area.
